

IEM L-CARNITINE CAPSULES

Food for special medical purposes (FSMP)
FROM 3 YEARS

NET WT: 41,4 g = 50 cps
Food for special medical purposes (FSMP).
A powdered L-Carnitine amino acid medical food in capsule form.

INGREDIENTS:

L-Carnitine L-Tartrate, Cellulose microcrystalline, Hydroxypropyl methyl cellulose, Gellan gum.

INDICATIONS:

For use in the dietary management of inborn errors of metabolism, to provide specific amounts of carnitine unable to be achieved by dietary modification alone. Suitable from 3 years of age related to the ability to swallow the capsule.

IMPORTANT NOTICE:

The product must be prescribed and used under medical control and it is intended for subjects aged three or above. It is not suitable for use as the sole source of nutrition and it is not suitable for parenteral use. Keep out of reach of children.

DIRECTIONS FOR USE:

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

STORAGE:

Store in a cool dry place far from light and moisture. The expiry date refers to the unopened product, correctly stored. **Once opened, use within three months.**
